IMPORTANT QUESTIONS

Important Questions	Answers	Why This Matters
What is the overall deductible?	Individual: \$1,200 Family: \$2,400	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, primary care visits, and generic drugs are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Individual: \$4,000 Family: \$8,000	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See silvershieldhealthplans.com or call 1-800-555-0100.	This plan uses a network of providers. If you use an in-network doctor or other health care provider, this plan will pay more of the costs than if you use an out-of-network provider.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.
